With India Pricing Team

Senior Actuarial Analyst
April 2021 - August 2021 (5 months)
Bengaluru, Karnataka, India

With ANZ Pricing team

Actuarial Analyst
April 2019 - March 2021 (2 years)
Bengaluru Area, India

I work with the Actuarial Pricing Team where my key roles and responsibilities are to perform reinsurance premium reviews of the existing treaties and analysis on the assumption setting process using internal pricing models.

Christ University, Bangalore
Adjunct Professor

June 2019 - March 2023 (3 years 10 months)

Bengaluru Area, India

I have a lovely bunch of MSc Actuarial Science students to whom I teach Financial Economics. We start our 7:30am class with fun-filled activity. During the class, along with subject we also explore ways to improve our communication skills, confidence and self learning habit.

Nicholas Actuarial Solutions

Actuarial Intern

May 2018 - August 2018 (4 months)

Work from Home

It was a virtual internship for 4 months where I got a chance to work with Nicholas and his team to publish a white paper on the Cambodian Insurance Market and other related products.
